23rd October, 1944.

The Secretary to the Governmen
Public Works Department,
Fort St.George,
MADRAS.

Dear Sir,

Re: The Udipi Electric License-Accounts for 1943-44.

We have examined the accounts of the above Licensee under the Electricity Act for the year ended 31st March, 1944 and have certified the relative statements. We beg to report thereon as under. p7 infra

2/ No.I SHARE CAPITAL ACCOUNT. The Share Capital of the company has been reorganized during the year under Audit by converting 10,000 3% Cumulative Preference Shares of Rs.10/- each into ordinary shares. The Licensee having obtained the sanction of the Controller of Capital Issues, Government of India, issued during the year 8,500 ordinary shares of Rs.10/- each. Consequently the Paid Up Capital of the Company for the year has been increased to Rs.1,78,815/- as against Rs.1,52,660/- for the previous year. p8 infra

3/ No.III CAPITAL ACCOUNT. The Capital Receipts of the Company during the year amount to Rs.26,605/- comprising of Rs.26,155/- of the Share Capital, Rs.225/- of Forfeited Shares amount and Rs.225/- of Application Deposit.

4/ The total Capital Expenditure on Plant and Machinery etc. during the period was Rs. 14,898-0-6 in respect of which salaries of Engineers amounting to Rs. 6,50/- and Managing Agents' Allowance of Rs. 1,500/- (Total Rs.2,100/-) have been capitalized. The Total expenses so capitalized work out less than 15% on the Total Capital Expenditure. No portion of any other account of expenditure has been capitalized during the year.

5/ As directed in G.O.No.4002.C/43-1 of Public Works Department dated 9-12-1943, the Licensee has written

back the following amounts and debited the total amount to an account called "Engineering & Development Expenses Account".

Buildings.	Rs. 5,46--0-0
Plant & Machinery	Rs. 2,421--6-8
~~Service Connections.~~	Rs. 1,448--1-0
~~Transformers.~~	Rs. 71--3-6
Public Light Fittings.	Rs. 71--3-6
	Rs. 4,557-14-8

6. These amounts are included in the figures in Column 3 of the statement ("Written off or sold during the year") under the relative heads. A further sum of Rs.1,500/- has also been added to the Engineering and Development Expenses Account towards the expenses incurred for developing the load.

7. The Company has written off during the year the following amounts.

Capital Issue Expenses.	Rs. 682--8-3
Preliminiary Expenses.	Rs. 264-11-11
Debenture Issue Expense	Rs. 1,656--1-3
Engineering & Development Expenses.	Rs. 57-14-8

8. NO.V. NET REVENUE ACCOUNT. The Licensee earned a profit of Rs. 3,478-11-10 on the sale of unused Stores Materials and scrap machinery and the same has been utiliz for writing off some of the Capital Expenses after adding Rs. 1,500/- out of it to the Depreciation Fund Account.

9. As usual the interest on the Debenture Loan amount- Rs. 3,360/- has been capitalized to Plant and Machinery Account since the debentures were stated to have bee originally floated for the purchase of Plant and Machinery

10. NO.VII DEPRECIATION FUND ACCOUNT. The Company provided a depreciation fund of Rs. 5,000/- for the year under review which added to the balance of Rs. 3,000/- brought forward makes a total provision of Rs. 8,000/-. This in our opinion, is not adequate.

11. No portion of this fund has been invested in

12 NO. VIII GENERAL BALANCE SHEET. The Company has not invested any portion of the Consumers' Security Deposit in Trustee Securities.

13 We enclose herewith our bill in triplicate for services rendered on behalf of the Government.

Yours faithfully,

Sastri & Shah

16. Dividend declared on ordinary shares	Nil.	4% tax free.

No.III Capital Account.

With reference to para 5 of my U.O. No.2841/D/43-4 dated 3-3-44 on the accounts for 1942-43, I would state that the sum of Rs.682-8-3 representing "Capital issue expenses" has been written off from this account during the year under review - vide para 7 of the Audit report.

The Capitalisation of Rs.2,150/- representing the salaries of Engineers and Managing Agents allowance, referred to in para 4 of the Audit report is as per para 6 of G.O. No.1383 P.W.D., dated 4-6-41 and may, therefore, be approved.

From para 9 of the Audit report it is observed that a further sum of Rs.3,360/- representing the interest on debentures has been capitalised during the year under review.

The auditors have reported that the debentures were raised for the purpose of paying off the amount due to Messrs. Siemens (India) Ltd., towards the purchase of the original sets. They, therefore, consider the erection of the sets as "original works". Government have already ruled in the case of South Madras Electric Licensee's accounts for 1941-42 vide G.O. 1687 P.W.D. dated 13-6-44 that the expression "Original works" connotes a self-contained scheme which includes all compulsory works as defined in clause 6 of License and executed upto the date of commencement of operation viz., October 1939. The mere erection of generating sets cannot be considered as an original work; this item of work can at best be considered as a major extension and so capitalisation of interest upto October 1939 only i.e., date of commencement of operation, is permissible as per the last sub-para of para 5 of G.O. No.1383, P.W.D., dated 4-6-41. The Licensees were permitted to capitalise in the accounts for 1940-41 interest on debentures upto 5% in Government P.W.D. letter No.2096 VII/42-2 dated 22-10-42,

which did not authorise capitalisation of debenture interest in subsequent years. The Licensee's action in having capitalised Rs.3,360 in 1943-44 accounts is not in order. The amount may be withdrawn from Capital account and charged to the revenues.

It is observed from para 6 of the audit report that a sum of Rs.1,500/- representing expenses for developing the load has been debited to Capital under the head "Engineering and Development expenses." As the expenses have been incurred after the commencement of operation of the undertaking, the amount should have been charged to Revenue. The Licensee may be instructed to write off this amount in the accounts for 1944-45 in accordance with para 7 of G.O. No.1383 P.W.D. dated 1-6-41.

No. IV Revenue Account.

The Licensee has reported that the figures Rs.2,501-6-3 and Rs.468/- exhibited on the Debtor side under "E. Management" against the items "General establishment charges" and "Proportions salaries of engineers, superintendents and officers" respectively are typographical errors for Rs.2,701-6-3 and Rs.268/- The Licensee may be requested to carry out the corrections in the audited copy of the accounts kept in his office.

The item "rebate on bills to consumers Rs.537-4-9" exhibit on the Debtor side under "H. Special charges" is correctly accountable on the credit side as an abatement of revenue. The Licensee may be instructed to note this for future guidance.

No. VIII General Balance Sheet

The sum of Rs.23,506-3-3 exhibited against the it "Sundry creditors on open accounts" on the liabilities side is reported to include a sum of Rs.7,434-13-8 representing consumers' deposits. The Licensee may be advised to exhibit the consumers' deposits separately in future.

Action taken by the Licensee on G.O. No. Ms.914, P.W.D. dated 29-3-44 issued on the accounts for 1942-43.

Para 2.

The licensee has written off the following amounts, vid para 7 of the audit report:--

Preliminary expenses.
Debenture issue expenses
Engineering and Development expenses.

Further write offs will be watched.

Para 3.

The instructions have been followed in the accounts under review.

Para 4.

The Licensee has reported that he is investing a sum of Rs.2,000/- in 3% Victory Loan, 1957. This will be checked during the scrutiny of the accounts for 1944-45 and commented upon if necessary. The Licensee may in the meanwhile be advised to earmark the proposed investment towards 10% of the depreciation f and 25% of the consumers' security deposits and to exhibit the sa in the General Balance Sheet on the Assets side as follows:-

	Rs. As. Ps.
Investments at cost price.	
Towards 10% of the Depreciation Fund (earmarked)	x x x
" 25% " consumers' security deposits (earmarked)	x x x

Para 5.

Depreciation has once again been provided out of the net revenues instead of from revenue. This cannot be accepted. The Licensee may be requested to make provision for depreciation out of gross revenues on the revenue account itself in accordance with the revised rates of Income-tax Act and to exhibit the same under "G - Depreciation".

Government Memo. No.4002/C/43-1, P.W.D. dated 9-12-43.

The Licensee has segregated the amount of Rs.4,557-14- ordered to be written off in the above Govt. Memo. and has included the same under the head "Engineering and Development expenses" on the Debtor side of No.III Capital Account to be written off in the manner laid down in para 7(iii) of G.O. No.1383, P.W.D., dated 4-6-41.

The auditors' bill of charges for Rs.100/- for work done on behalf of Government is the same as that for the previous year (1942-43) and is recommended for payment by th Licensee.

2. No III Capital Account.

(a) The capitalisation of Rs 2,150 representing the salaries of Engineers and Managing Agents' allowance referred to in para 11 of the audit report is in order with reference to para 6 of GO No 1383 PW dt 4-6-41.

(b) From para 9 of the audit report it is observed that a further sum of Rs 3,360/ representing the interest on debentures has also been capitalised during the year under review. The auditors have reported that the debentures were raised for the purpose of paying off the amount due to Messrs. Siemens (India) Ltd., towards the purchase of the original sets. They, therefore, consider the erection of the sets as "original works"

P.T.O.

w/ The expression "original works" connotes a self-contained scheme which includes all compulsory works as defined in clause 8 of licence and executed upto the date of commencement of operation namely 4th October 1939. The mere erection of generating sets cannot be considered as an original works. This item of work should be taken as a major extension and capitalisation of interest upto October 1939 only ie, date of commencement of operation, is permissible as per the last sub-para of para 5 of Govt No 1383 Pwd dt 4.5.6-41. The licensee's action in having capitalised Rs 3,360 in 1943-44 accounts is therefore not in order. The amount should be withdrawn from capital account and charged to the revenue

GOVERNMENT OF MADRAS
Abstract

Electricity - Udipi Electric Licence - Accounts for 1943-44 - Recorded with remarks.

PUBLIC WORKS DEPARTMENT

G.O. Ms. No. 609, dated the 7th March, 1945.
Read the following paper:--

From Messrs. Sastri & Shah, Registered Accountants, No.nil, dated the 23rd October, 1944.
From the Chief Electrical Inspector to Government, No.5994 D/44-6, dated the 16th February, 1945.

O R D E R:--

Recorded.

2. No.III. Capital Accounts.

(a) The capitalisation of Rs.2,150/- representing the salaries of Engineers and Managing Agents' allowance referred to in paragraph 4 of the audit report is in order with reference to paragraph 6 of G.O. No. 1383, Public Works, dated 4th June, 1941.

(b) From paragraph 9 of the audit report it is observed that a further sum of Rs.3,360/- representing the interest on debentures has also been capitalised during the year under review. The auditors have reported that the debentures were raised for the purpose of paying off the amount due to Messrs. Siemens (India) Ltd., towards the purchase of the original sets. They, therefore, consider the erection of the sets as "original works".

The expression "original works" connotes a self-contained scheme which includes all compulsory works as defined in clause 8 of licence and executed upto the date of commencement of operation namely October, 1939. The mere erection of generating sets cannot be considered as an original works. This item of work should be taken as a major extension and capitalisation of interest upto October 1939 only i.e., date of commencement of operation, is permissible as per the last sub-paragraph of paragraph 5 of G.O. No.1383, Public Works, dated 4th June, 1941. The licensee's action in having capitalised Rs.3,360/- in 1943-44 accounts is therefore not in order. The amount should be withdrawn from capital account and charged to the revenues.

(c) It is observed from para 6 of the audit report that a sum of Rs.1,500/- representing expenses for developing the load has been debited to Capital under the head "Engineering and Development expenses. As the expenses have been incurred after the commencement of operation of the undertaking, the amount should have been charged to Revenue. The Licensee is instructed to ~~mix~~ write off this amount in the accounts for 1944-45 in accordance with para 7 of G.O. No. 1383, P.W.D., dated 4-6-1941.

3. No.IV. Revenue Account.

(a) The Licensee has reported that the figures Rs.2,501-6-3 and Rs.468/- exhibited on the Debtor side under "E. Management" against the items "General establishment charges" and "Proportionate salaries of engineers, superintendents and officers" respectively are typographical errors for Rs.2,701-6-3 and Rs.268/-. The Licensee is requested to carry out the corrections in the audited copy of the accounts kept in his office.

P.T.O.

(b) The item "rebate on bills to consumers Rs.537-4-9" exhibited on the Debtor side under "2. Special charges" is correctly accountable on the credit side as an abatement of revenue. The Licensee is instructed to note this for future guidance.

4. No.VIII, General Balance Sheet.

The sum of Rs.23,506-3-3 exhibited against the item "Sundry creditors on open accounts" on the liabilities side is reported to include a sum of Rs.7,434-13-8 representing consumers' deposits. The Licensee is advised to exhibit the consumers' deposits separately in future.

5. Action taken on paragraph 4 of G.O. No. 914, Public Works, dated the 29th March, 1954.

The Licensee has reported that he is investing a sum of Rs.2,000/- in 3% Victory Loan, 1957. The Licensee be advised to earmark the proposed investment towards 10% of the depreciation fund and 25% of the consumers' security deposits and to exhibit the same in the General Balance Sheet on the Assets side as follows:-

Investments at cost price.	Rs.	A.	P.
(a) Towards 10% of the Depreciation Fund (earmarked)	x	x	x
(b) " 25% " consumers' security deposits (earmarked)	x	x	x

6. Paragraph 5 of G.O. No. 914, Public Works, dated the 29th March, 1954.

Depreciation has once again been provided out of the net revenues instead of from revenue. This cannot be accepted. The Licensee is requested to make provision for depreciation out of gross revenues in the revenue account itself in accordance with the revised rates of Income-tax Act and to exhibit the same under "G - Depreciation".

7. A fee of Rs.100/- is sanctioned for payment to the auditors for work done on behalf of the Government. The licensee is requested to pay the amount to the auditors as early as possible.

(By Order of His Excellency the Governor),

K. Ramunni Menon,
Secretary to Government.

To the Udipi Electric Supply Co., Ltd., 99 A, Armenian Street, Madras.
* Messrs. Sastri & Shah, Registered Accountants, Oriental Buildings, Armenian Street, Madras.
